**May 2009 – Public Art Action Plan for the City of Lancaster -  
Mary Colleen Heil, Charlotte Katzenmoyer, Kerry Sherin Wright**

- ❖ Public art is everywhere—it can take many forms.
- ❖ The Action Plan will:
  - Create a centralized resource for public art in Lancaster.
  - Identify public art funding sources.
  - Implement national public art best practices that will work locally.
  - - Create a greater understanding in the community about what public art is and its value.
  - Build capacity of local and regional artists to work in the field of public art.
- ❖ The City’s Strategic Plan — Every new public space project has incorporated some type of art and Lancaster City has a “signature” look and feel that revolves around our Arts and our Architecture.
