

First Friday Noontime Forum Series
“Continuing the Growth and Prosperity of Downtown Lancaster”

Highlights – Part II

Part II – January 2006

- ❖ Plans are only as good as the basis in the development of the plan.
- ❖ We have an obligation to do the right thing on significant parcels of property.
- ❖ There is an absence of leadership—the private sector should take the lead with the city providing infrastructure and support.
- ❖ A strategic update process is needed - in a timely fashion.
- ❖ The LDR Plan has been ignored when some projects have been implemented.
- ❖ There needs to be more concentration on the city’s economic development.
